Fiscal Discipline, Preserving the Quality of a Radnor Education,
Integrity and Transparency

As the school district faces an estimated \$3 million in budget cuts for next year, we are committed to preserving the quality of a Radnor education, and not to have these cuts affect class size. We call for a Curriculum Audit of our schools to make sure our students are ready for the future and at the same time ensure that we are not wasting tax dollars through redundancy. It is time for the School Board to spend our dollars wisely again.

Brucie Rapoport, Rob Armstrong, Doug Blazey, and Lydia Solomon have the experience as a team to bring a positive change to the School Board. Between the four of us, we have eleven children who range in age from five to twenty-seven who attend or have attended Radnor Schools. We have the perspective, experience and leadership needed to accurately evaluate our schools and to determine the difference between necessity and waste. We offer our combined experience as current leaders in the District, educators, civic leaders, legal experts, business professionals and financial managers. On the job training is no longer acceptable; we are the only candidates ready for the job on **day one**.

We need your help and ask for your vote this coming November 3rd.

Thank you for your support.
